Thanks all...but we don't say what this means. Are we saying:  
that ASPECT flew a path on a period of time (shown on an attached map)  
That the track of overflight showed XXXXXX regarding public safety.

I don't care about the specific algorithm, but we need to communicate straight with a worried public.

Carl/Mary,

Attached is the EU summary for ASPECT air monitoring data from the Arkema response.
